EEL 6764 Principles of Computer Architecture
Homework #3

1   Problems

Total points: 200

Complete the following problems at the end of Appendix C of the textbook.

$$1, 2, 3, 7$$

2   Requirement

- All homeworks should be done and submitted individually.

- Show all steps to get full points.

- Writing and drawings if necessary must clear and readable. Otherwise, substantial loss of points may occur.

- You must submit your solutions electronically via Canvas.

- The file for your solutions must be in PDF or MS-Word DOCX format.
